21 September 2001

Registration
of the Warminsko-Mazurskie
Association for Security

Polish Association
for Security

The Beginning

First problem: 2000 kidnappings for ransom of Olsztyn businessmen and their families

Favourable factors: petty approach of law enforcement authorities and increase of the scale of the problem

Approach: cooperation with the best law firms in Poland, ensuring factual media coverage of trials and publication of verdicts

Achievement of goal: kidnappings stopped, perpetrators apprehended and sentenced

Warminsko-Mazurskie Association for Security

- Gained recognition in the eyes of the public
- Became a credible and effective partner in the eyes of law enforcement and the judiciary
- Inspired and supported other associations in Poland struggling with similar problems
- Organised a series of conferences and trainings in cooperation with various partners, e.g. the University of Warmia and Mazury on kidnapping for ransom
- Promoted the idea of security among the inhabitants of the region and active steps to increase their feeling of security

Warminsko-Mazurskie Association for Security Polish Association for Security

It has the status of an association; it is a social organisation (association) set up by a group of people with common goals

It is registered with the Court under KRS No. 0000029731

It operates on the basis of its Statute

It has a Board of Directors and an Audit Committee controlling the work of the Board of Directors

Definition of new areas
of activity for the Association

Polish Association
for Security

New areas

One of the main objectives of the Association is to popularise the idea and action in favour of safety.

Therefore, the Association systematically analyses its activities, updates the definition of safety, and revises the profiles of current threats

In December 2021, the Association's statute was amended

A number of activities were planned and implemented in new areas related to security in the broadest sense

Promoting safety measures through educational activities

We have started a series of internal and external training courses related to safety. Examples of thematic sections:

- kidnapping for ransom
- necessary defence
- psychology of attack, victims, self-defence
- legal aspects of the use of weapons in defence of necessity
- cyber-security
- counter-terrorism
- shooting training kidnapping for ransom
